

COVID POLICIES

- ALL Residents, Visitors and Staff **MUST** wear masks/face-coverings inside in all public areas of the building. Masks/Face-Coverings must also be worn outside of the building when social distancing of 6 feet or more cannot occur.
- All Residents, Visitors and Staff should wash their hands often with soap and water for at least 20 seconds. Use hand sanitizer with at least 60% alcohol if soap and water are not available.
- All visitors will be requested to sign a log (placed in the main entrance) reporting their name, date and apartment/destination of visit for tracing purposes.
- All group activities must be approved by management on an individual basis to evaluate the group size, location, and safety measures being taken. Benefits of activity versus potential risk will be assessed.
- Domestic travelers to New York State who have been fully vaccinated for COVID-19 will no longer be required to quarantine or be tested upon arrival in the 90 days following their full vaccination. [updated 3/10/2021]

Non-vaccinated travelers from noncontiguous states and territories must still quarantine for ten days upon arrival or obtain two negative tests within the time period provided in the NYS travel advisory.

- All staff members will be screened on a daily basis to assess possible COVID-19 symptoms and exposure prior to working. Screening questions will be asked in addition to temperature checks.
- Essential cleaning of the building will be performed on a regular basis. A log documenting the date, time and scope of cleaning and disinfection performed will be kept.
- **Now accepting reservations for our Guest Apartment effective May 1st and forward. View our “Guest Apartment” section of our website for COVID Policies relating to this rental.**
